

workflow—

For the fall semester, we'll be designing series graphics one month at a time. What that means is that at the beginning of the third week of every month, you will receive a style guide for the next month, along with your series assignment. From then, you'll have a week to design a set of graphics for a series. Then I'll give you some edits, and once the graphics are all finalized, the marketing team will post them to our social media.

Here's what you'll be designing every month for the event series:

01. A VERTICAL GRAPHIC—

This will list all the events of a specific series for the upcoming month to be posted on all our social media pages.

Dimensions: 1080 px by 1350 px (**portrait**)

02. myUMBC SERIES GRAPHIC—

This will have just the name of the series to be displayed when we post individual events.

Dimensions: 1024 px by 768 px

03. FACEBOOK SERIES GRAPHIC—

This will have just the name of the series to be displayed when we post individual events.

Dimensions: 1200 px by 628 px

04. AN INSTAGRAM TITLE CARD—

This will have just the name of the series to be shown at the beginning of our IGTV videos. (If you would like to make yours into a lil animation, you're absolutely welcome to! Just let me know and we'll work out the file format and everything.)

Dimensions: 1080 px by 1920 px

Outside of the series graphics, you'll receive weekly assignments for events and interactive posts. You'll be partnered with a programmer and a marketer to communicate with them more clearly about the needs of each event.

templates—

In order to help standardize the posts, I've created very basic templates for each type of graphic that include the location of the (seb) logo. All these templates are attached to this email in one Illustrator file as separate artboards.

Rules for the (seb) logo:

01. You cannot change the location or the size.

02. You can change the color to fit your graphic.

If you want to change the color, open the linked logo file in Photoshop, lock the transparent pixels and go over it with a brush in the color you want. Save the file, return to Illustrator and update the linked file when it asks. (If this doesn't work, please let me know!)

03. You can use either of the logos provided (either the solid logo or the line logo.)

Once you've finished your designs: File > Export > Export As... > Format > .PNG > check "Use Artboards" > specify the range from 1 to 4 > change file name > Export

File names:

01. SeriesName_Vertical_Fall20_YourName.png

02. SeriesName_myUMBC_Fall20_YourName.png

03. SeriesName_FB_Fall20_YourName.png

04. SeriesName_IGTitle_Fall20_YourName.png

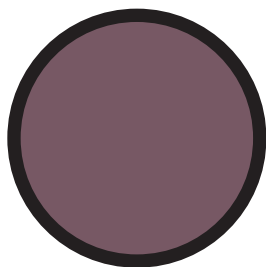

Then upload the files to the DRAFTS folder in the Design & Marketing Drive.

Once you've uploaded your design, I'll get back to you with any edits by the end of the day. At that point, you'll have 48 hours to upload the final designs to the READY TO POST folder.

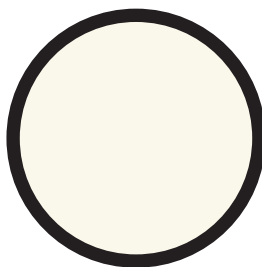

colors—

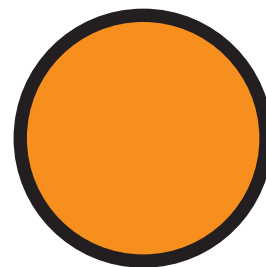

All designs in the month of October will use the colors provided in this style guide.

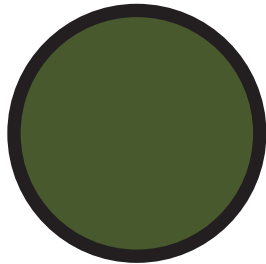

#785964
Deep Taupe

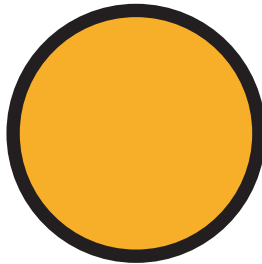

#F8F8E8
Ivory

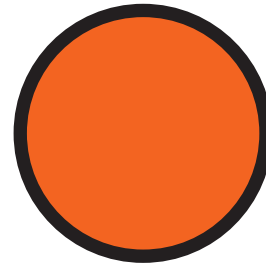

#FF9000
Dark Orange

#49592F
Dark Moss Green

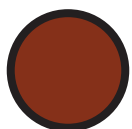

#F6AE2D
Honey Yellow

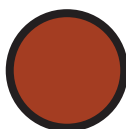

#F26419
Blaze Orange

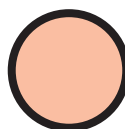

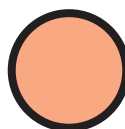

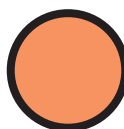

You are free to use any lighter or darker versions of the base colors given above, i.e.:

#8E2902
Kobe

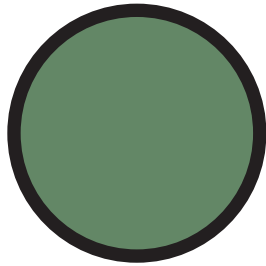

#F26419
Blaze Orange

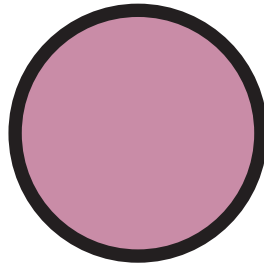

#FBBEA2
Apricot

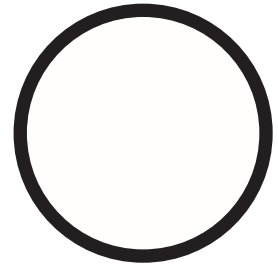

colors—

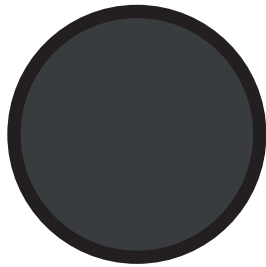

#648767
Russian Green

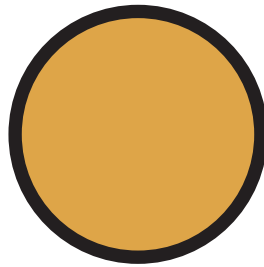

#C98CA7
Puce

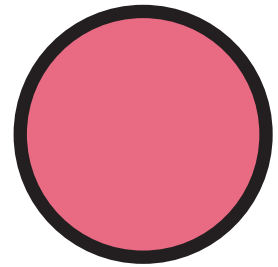

#FDFFFC
Baby Powder

#393D3F
Onyx

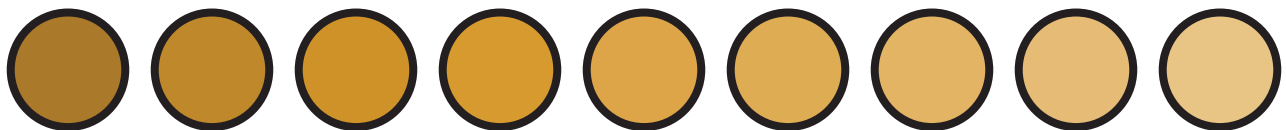

#DDA448
Indian Yellow

#E76D83
Candy Pink

You are free to use any lighter or darker versions of the base colors given above, i.e.:

#DDA448
Indian Yellow

All designs in the month of September will use the colors provided in this style guide.
